

# Three Wells Drilling at Once

Secretary of State Has Property Inspected Before Granting Charter  
Tract No. 1 Is Just 6000 Feet from the 10,000 Barrel Knowles Gusher

## Two Wells Have Already Been Started—

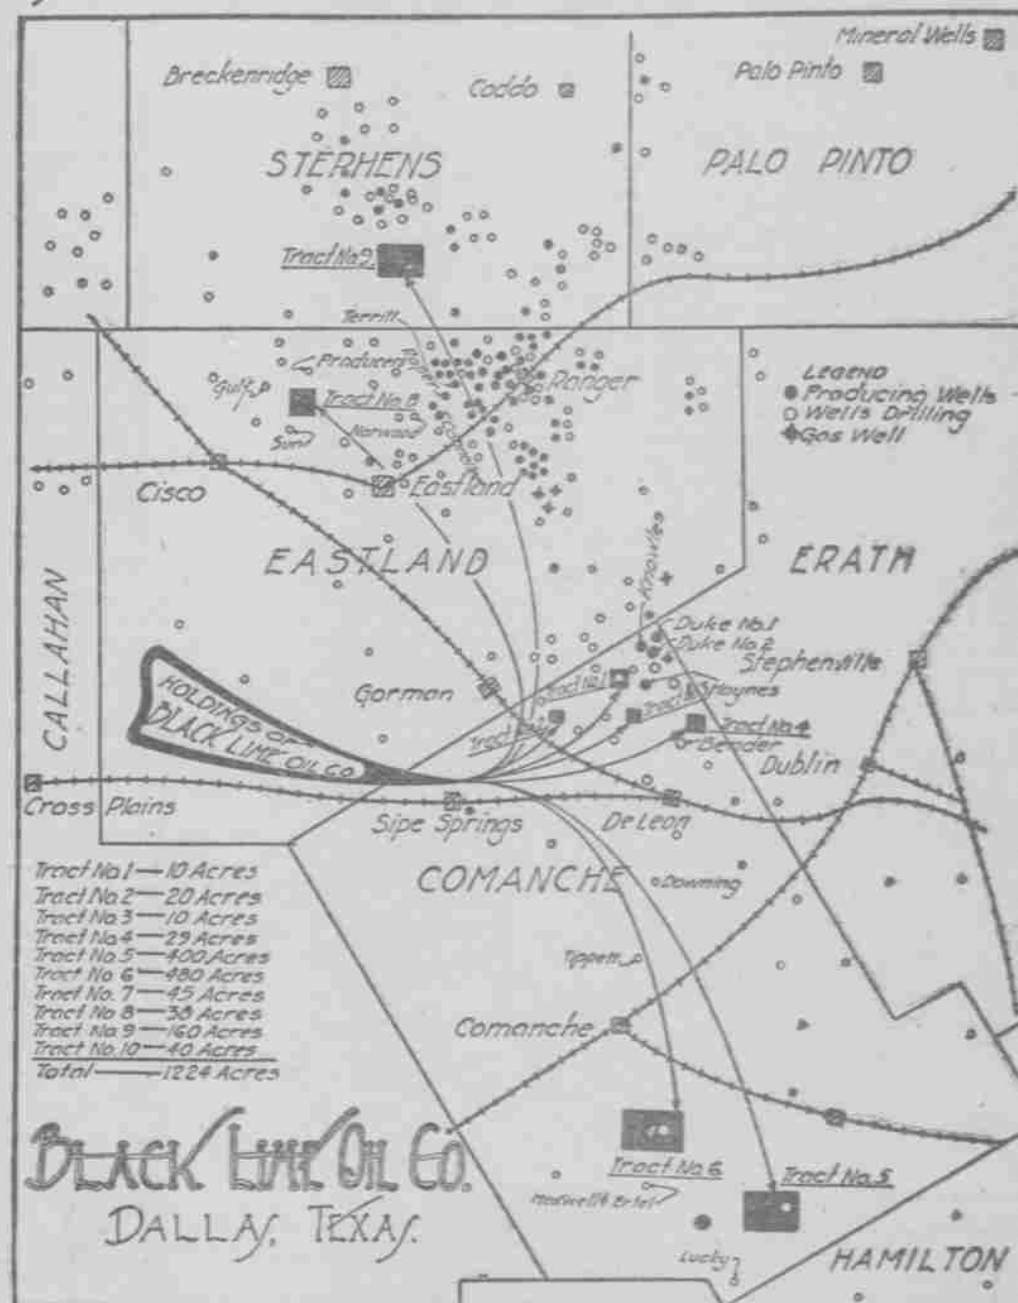

The third well will be started just as soon as machinery can be placed on the ground.

Well No. 1 is on Tract No. 1 (examine plat) just 6000 feet from the DUKE-KNOWLES five and ten thousand barrel gushers; and when well No. 1 comes in the limited amount of stock which can now be bought at par in the BLACK LIME OIL COMPANY will be worth twenty to one. Tract No. 1 is good for four wells.

The opportunity here presented is so sound, so good, and so high class and will be open for so short a time that no time should be lost in availing yourself of this one great opportunity to share in some of the great wealth being found in the area shown by the plat opposite. This area represents more natural wealth than any other like area on the globe and the eyes of the entire world are upon it.

### Knowles Well Drilled Three Feet Deeper Into Sand; Flowing At Rate of 10,000 Barrels Daily

From Ft. Worth Star Telegram, March 19.  
Comanche county is again in the limelight with one of the biggest gushers in the north central Texas oil fields. The G. W. Knowles No. 1 of the Tex-Penn oil company in the northern part of the county was drilled three feet deeper into the sand late Tuesday and is now producing at the rate of 10,000 barrels daily. One very reliable estimate placed the production at 455 barrels an hour, the equivalent of 11,600 barrels for the 24-hour period.  
This new production puts the Knowles in a class with the Norwood of the Texas & Pacific Coal & Oil company southwest of Ranger in Eastland county and the Carey of the Mid-Kansas Oil & Gas company southwest of Caddo in Stephens county. The Norwood and the Carey

## Convincing Facts About the Black Lime Oil Company of Dallas, Texas

Incorporated Under the Laws of the State of Texas

**FACT 1**—The BLACK LIME OIL COMPANY has been granted a charter by the State of Texas with a capital stock of \$300,000.00 of the par value of \$50.00 per share. The holdings of this company were officially inspected under the direction of Secretary of State before charter was granted.

### SIX BIG INTERESTS (1224 ACRES) CONSOLIDATED

**FACT 2**—The holdings of six groups of BANKERS, BIG BUSINESS men and OIL MEN in the RANGER OIL FIELDS, of Texas have been consolidated and are now owned by the BLACK LIME OIL COMPANY. TEN DIFFERENT TRACTS; 1224 acres; THREE WELLS DRILLING AT ONCE.

**BANKERS, BIG BUSINESS MEN, EXPERIENCED OIL MEN, BEHIND THE BLACK LIME OIL COMPANY; TAKE \$150,000.00 WORTH OF STOCK AT PAR; NONE OF THEIR STOCK FOR SALE**

**FACT 3**—The men owning the interests consolidated in THE BLACK LIME OIL COMPANY are composed of some of the most prominent bankers, big business men, and experienced oil men of Texas, West Virginia and Oklahoma, and have themselves subscribed for \$150,000.00 of the stock of the BLACK LIME OIL COMPANY at par and none of their stock is for sale.

**THE SOUTHERN CALIFORNIA DRILLING COMPANY ARE TO DRILL THREE WELLS AT ONCE—TWO WELLS ALREADY STARTED. THE THIRD TO START AS SOON AS MACHINERY CAN BE PUT ON THE GROUND.**

**FACT 4**—The SOUTHERN CALIFORNIA DRILLING COMPANY, one of the oldest and most successful drilling companies in the oil fields of California, and the drilling company selected by the Southern Pacific Railway Company to drill its deep wells in Arizona and New Mexico, are in charge of the operating department of the BLACK LIME OIL COMPANY and are moving their headquarters from Los Angeles to Dallas. THREE WELLS DRILLING AT ONCE.

### BLACK LIME OIL COMPANY INVESTIGATED BY PRESIDENT OF SOUTHERN CALIFORNIA DRILLING COMPANY

**FACT 5**—Mr. E. W. Riggle, president of the Southern California Drilling Company, after a thorough and exhaustive investigation of the BLACK LIME OIL COMPANY and its properties and the character of the men behind the BLACK LIME OIL COMPANY made a proposition to this company that he would drill three wells on the company's holdings for stock in the company. When you consider that it costs \$40,000.00 to drill a well in the Ranger field, and that the Southern California Drilling Company are "old heads" in the oil business, only then can you begin to appreciate the opportunity now presented to you.

### OFFICERS AND DIRECTORS OF THE BLACK LIME OIL COMPANY

**FACT 6**—The officers and directors of the BLACK LIME OIL COMPANY are men of the highest integrity and business standing, and have been very successful in their own business affairs. Their aim is TO GO AFTER BIG PRODUCTION, PAY BIG DIVIDENDS, AND BUILD ANOTHER BIG "TEXAS COMPANY."

### VALUABLE HOLDINGS

**FACT 7**—1139 acres out of the 1224 embraced in the holdings of the BLACK LIME OIL COMPANY are located in the three great pools of the Ranger Field—the Duke-Knowles pool in Comanche County, the Ranger pool proper in Eastland County, the Breckenridge pool in Stevens County, where five and ten thousand barrel wells are being brought in.

### INVOKING THE LAW OF AVERAGE

**FACT 8**—Blocks of 20 and 40 acres out of tracts Nos. 5 and 6 containing 400 acres and 480 acres respectively, are being exchanged for similar sized tracts, similarly located around other drilling wells in these three counties. None of the tracts exchanged and none acquired will be more than one mile from drilling well. Ample acreage in tracts 5 and 6, (see plat) will

### Greatest Oil Field in the World.

be retained by the BLACK LIME OIL COMPANY and by making these exchanges it will give the BLACK LIME OIL COMPANY in addition to its initial holdings, less the acreage exchanged, as above stated, other holdings around more than twenty other drilling wells. This move on the part of the directors of the BLACK LIME OIL COMPANY shows good business management and strong executive ability. They are invoking the law of average.

### PROMINENT WEST VIRGINIA BANKERS BIG STOCK- HOLDERS IN BLACK LIME OIL COMPANY

**FACT 9**—H. P. Camden, prominent banker and lawyer of Parkersburg, W. Va., and his six banker associates of that city transferred to the BLACK LIME OIL COMPANY one of its most valuable holdings at its actual cash value, taking stock in the company in payment therefor at par value, and in addition thereto SUBSCRIBED FOR \$20,000.00 OF THE STOCK, PAYING CASH THEREFOR.

### GEOLOGIST REPORTS; LAWYER'S OPINION

**FACT 10**—The BLACK LIME OIL COMPANY has in its offices at Dallas, Texas, the report of the most eminent geologist in the Ranger Field, the man who located the discovery of Duke well—Mr. Wrather. Also has in its offices the opinion of its attorneys on the title to its holdings. These reports and opinions are open for the inspection of anyone interested. Absolutely nothing has been left undone to guarantee that the BLACK LIME OIL COMPANY will soon be recognized as one of the big Texas companies.

### DIVIDENDS FIRST

**FACT 11**—There are no salaries being paid the officers of the BLACK LIME OIL COMPANY, and will not be until dividends have been paid its stockholders. It is the intention of the BLACK LIME OIL COMPANY to pay 75% of its net earnings, from production or otherwise, to its stockholders in dividends, setting aside 25% for further development of its holdings.
